OUR PRODUCTS

HALLMARK SYSTEM

Hallmark System is the perfect protection against common concrete enemies like freezing & thawing, fading, salts & alkalis, stains, and heat. Beautiful, yet tough, the Hallmark System can give your home a look that's as distinctive as your imagination and personality. Looks such as tile, flagstone and brick are provided for a fraction of the cost in most cases.

ACRYLISTAIN

Acrylistain System provides your home with the rich, warm look of concrete stain while giving your floors a tough as nails protective coating that will withstand heavy traffic, and stains, and keep its luster for years.

The Acrylistain System comes in a number of colors and styles to give you a look that is all your own.

F1

F1 Fast Floor surface provides a beautiful, durable, granite-like finish, perfect for many areas around the home. Garage Floors, basements, even kitchen countertops will spring to life with the F1. The F1 is a state of the art concrete coating that offers a stain resistant, easy to clean surface. Tougher than concrete, the F1 System resists wear and tear and wipes clean with just a damp mop or rag. F1 Fast Floor System is the perfect surface for all high traffic, high use areas.

EURO BOND

The Euro Bond System gives you decorating versatility you simply can't get with most countertop surfaces. Euro Bond offers dozens of styles and an unlimited palette. Precisely match your color scheme and choose the look that will complement your kitchen's decor. Euro Bond can even be applied to floors or used as your backsplash for a total, coordinated look. Anti-microbial Euro Bond helps prevent bacteria, stands up to most kitchen cleaners and household chemicals and resists normal wear and tear.
