F1 FAST FLOOR SYSTEM

A NEW & UNIQUE FLOORING SYSTEM

Bringing Design & Beauty to Concrete

F1 FAST FLOOR SYSTEM

The CTi F1 Fast Floor Finish offers cutting edge nano-technology which combines the most desirable traits of both epoxies and urethanes.

The F1 provides quick curing time which dramatically shortens downtime during application. The F1 is an outstanding interior coating that offers superior penetration and bonding strength. The F1 Fast Floor will offer years of abrasion, impact and wear resistance.

Recommended Uses:

- Residential
- Garages
- Workshops
- Basements

Commercial:

- Hospitals
- Convenience Stores
- Schools
- Auto Showrooms
- Grocery Stores
- Airports
- Convention Centers
- Restaurants

Technical Information

Tensile Strength	5000 psi
100% modulus Elongation	5200 psi
Sward Hardness	50
¼" Mandrel bend	Pass

Colors are matched as closely as possible to our standards. Colors may be affected by age, light and texture. The color selector is designed to assist you in making your selection from CTi's F1 Fast Floor colors. CTi's F1 Fast Floor System colors are measured by weight not volume. Colors will vary slightly to dramatically based on application, substrate, temperature and humidity. To ensure proper color, the entire contents of CTi's F1 Fast Floor System should be used. Be sure to thoroughly read all application data. Due to reproduction limitations, it is necessary to reserve the right to allow for reasonable variations of application. Printed colors show approximate colors with the effect of certain texture and sealer alteration along with finishing technique.
